SECTION SF 30 BLOCK 14 CONTINUATION PAGE

SUMMARY OF CHANGES

Changes in Section 00010

CLIN 0002

The pricing detail quantity has increased from 135,000.00 by 115,000.00 to 250,000.00

CLIN 0003 was deleted.

Changes in Section SF 30

The subject solicitation is changed as follows:

Bid opening date and time is not changed

1. Section 00010

Page 4 of 29. Basis of Award/Use of Rehandling Basin. Is changed to read as follows:

All blanks must be filled in by the bidder. For bids based on the use of the Rehandling Basin, the Government, for purposes of evaluation, will add the current rehandling charge of \$1.44 per cubic yard for the quantity indicated to be placed in the Rehandling Basin. The Rehandling Basin charges will be borne by the Government and are not to be included in the contractor's bid. Award for the entire work will be made to the lowest responsible, responsive bidder on the basis of the total price bid including all options, plus rehandling charges for the quantity of material indicated to be placed by the bidder in the Rehandling Basin. Prior to making an award, a pre-award survey will be made and the low bidder will be required to show that he has the necessary capital, experience, and owns or can procure the necessary plant to commence the work at the time prescribed in the specifications and thereafter to prosecute and complete the work safely and satisfactorily within the time specified.

For purposes of determining the low bidder (see Paragraph BASIS OF AWARD), bidders must indicate below the method of dredged material placement as required by the respective dredge type to be utilized by the Contractor on this contract:

INDICATE METHOD BELOW

TOTAL COSTS TO BE ADDED TO CONTRACTOR BIDS FOR PURPOSE OF DETERMINING LOW BIDDER

2. SECTION 01005

Page 01005-1, revise paragraph 1.1 to read as follows:

“1.1 Special Work Requirements

The work consists of dredging the Channel to Newport News to depths indicated. The Contractor shall have the option to perform the scheduled work with a hydraulic dredge and pipeline and deposit dredged material within the Craney Island Dredged Material Management Diked Containment Area as indicated or perform the scheduled work with a bucket dredge and transport by bottom-dumping barges and scows and deposit the dredged material in the Rehandling Basin at the Craney Island Dredged Material Management Area. The contract plans and specifications have been prepared to comply with Virginia Department of Environmental Quality Water Protection Permit requirements that were established during the planning and development of this project, a copy will be given to the Contractor after award of the contract. All dredging, transport and placement of dredged material under this contract shall be in compliance with all conditions set forth in the contract documents and the Virginia Department of Environmental Quality Water Protection Permit as specified. The Contractor is advised that any deviations from the construction methods and procedures indicated by the plans and specifications that are not prior approved in writing by the Contracting Officer, and any non-compliance with or violation of the conditions stated in the permit, shall be cause for the Contracting Officer issuing a stop work order. Any stop work orders issued for these causes will not be subject to time extensions or cost recovery by the Contractor. Any non-compliance with or violation of the conditions stated in the permit noted herein may result in revocation of the permit for the project and may result in criminal and civil penalties against the Contractor.”

2. SECTION 01270

Page 01270-2, paragraph 1.4.1, in the paragraph header delete “and Option Bid Payment Item No. 0003 Dredging”.

3. SECTION 01355

Page 01355-3, revise paragraph 1.3.2 to read as follows:

“1.3.2 Special Environmental Requirements (Permits)

This section supplements the Contractor's responsibility under the contract clause “PERMITS AND RESPONSIBILITIES” to the extent that the Government has already obtained environmental permits for the required dredging and dredged material placement. The contract plans and specifications have been prepared to comply with Virginia Department of Environmental Quality Water Protection Permit requirements that were established during the planning and development of this project, of which a copy will be given to the Contractor after award of the contract. All dredging, transport and placement of dredged material under this contract shall be in compliance with all conditions set forth in the contract documents and the Virginia Department of Environmental Quality Water Protection Permit as specified. The Contractor is advised that any deviations from the construction methods and procedures indicated by the plans and specifications that are not prior approved in writing by the Contracting Officer, and any non-compliance with or violation of the conditions stated in the permit, shall be cause for the Contracting Officer issuing a stop work order. Any stop work orders issued for these causes will not be subject to time extensions or cost recovery by the Contractor. Any non-compliance with or violation of the conditions stated in the permit noted herein may result in revocation of the permit for the project and may result in criminal and civil penalties against the Contractor.”

4. REISSUED DRAWING

Delete drawing H-10-11-60(1) and substitute therefore the new drawing H-10-11-60(1), revision A, dated 11 Feb 2002, issued as a part of this amendment.

5. Sec 00100

52.236-27 SITE VISIT (CONSTRUCTION) (FEB 1995)

(a) The clauses at 52.236-2, Differing Site Conditions, and 52.236-3, Site Investigations and Conditions Affecting the Work, will be included in any contract awarded as a result of this solicitation. Accordingly, offerors or quoters are urged and expected to inspect the site where the work will be performed.

(b) Site visits may be arranged during normal duty hours by contacting:

Name: **Denny Copperthite**
Craney Island Facility Manager
